## Professional Summary

---

Result-oriented software engineer with over 2.5 years of professional experience in fast-paced and agile environments. Proven track record of delivering high-quality software solutions within tight deadlines. A collaborative team player passionate about learning and adapting to new technologies.

## Experience

---

*Software Developer* | **Evenally International, Vadodara, Gujarat, IND** *Nov 2022 - Apr 2024*

- Implemented StockZen, a next-generation inventory management and forecasting system, covering the entire software development life cycle, including analysis, application development, testing, deployment, system and user documentation, and application support; enhancing overall system performance and user satisfaction.
- Reduced service response times by **20%** by optimizing database queries using JPA/Hibernate and leveraging SQL Server indexing.
- Applied design patterns to ensure clean, reusable, and maintainable code across the product, leading to a **15%** improvement in code readability and **20%** reduction in bugs.
- Developed and executed unit tests and integration tests using JUnit and Mockito, achieving **90%** test coverage across microservices.
- Proficient in Java, Spring Boot, Git, JasperReports, Restful APIs, MySQL, Hibernate, and JUnit.

*Junior Software Engineer* | **SRKay Consulting Group, Surat, Gujarat, IND** *Nov 2019 - June 2020*

- Contributed to the development of Accounting Management System module of the Enterprise Resource Planning (ERP) tool, ensuring improved pipeline using CI/CD practices.
- Utilized Agile scrum methodologies to achieve **100%** on-time delivery of project milestones.
- Experienced with Java, JIRA, Spring Boot, ActiveMQ, GitLab, Jenkins, Hibernate, and SQL Server.
- Skilled in Restful web services and microservice architecture.

*Java Developer Intern* | **World4Engineers, Vadodara, Gujarat, IND** *Jan 2018 - Apr 2018*

- Collaborated with a cross-functional team to design and deploy versatile software solutions, driving a **10%** increase in customer loyalty.
- Experienced with Java, Spring, JavaScript, HTML5, CSS3, Bootstrap, jQuery, AJAX, and MySQL.

## Education

---

*Advanced Diploma, Software Engineering Technician* | **Centennial College, CA** *Jan 2022 - Aug 2022*

*Ontario Graduate Certificate, Web Development* | **Humber College, CA** *Jan 2021 - Dec 2021*

*B.Tech, Computer Science & Engineering* | **Parul University, IND** *Aug 2015 - May 2019*

## Academic Projects

---

*Web Application: Book store app* (Java, Spring Boot, Hibernate, HTML, CSS, Bootstrap) [GitHub](#)

- Developed a comprehensive book store web application utilizing CRUD operations and understanding foundational concept in computer programming, databases, and application design.
- Demonstrated proficiency in java programming best practices.

*Website: JavaScript fun collection* (JavaScript, HTML, CSS, Bootstrap) [GitHub](#)

- Created a dynamic web application showcasing a collection of creative projects and games.
- Ensured seamless user experience across devices through responsive design techniques.
- Engaged users with interactive and entertaining content.

## Technical Skills

---

- **Programming Languages:** Java, JavaScript, C#, Python
- **Framework and Libraries:** Spring Boot, Hibernate, Mongoose, Node.js, Express.js
- **Databases:** MySQL, SQL Server, MongoDB
- **Technologies:** Git, Docker, ActiveMQ, Microservices
